based on the research of Brené Brown

Biennial Renewal Policy

As part of our commitment to growing an engaged and well-informed community we have implemented a biennial renewal process. In doing so, we hope to promote the highest level of evidence-based practice among our practitioners.

Since your first membership renewal is 24 months from your in-person training completion date, it is expected that you will have already successfully completed the required minimum hours of case consultation and have become a Certified Daring Way™ Facilitator.

What is the cost associated with membership renewal? And when does the renewal period begin?

The current cost for renewal is \$250 every two years.

The first renewal will be due two years from the in-person Daring Way™ Certification Training. For example, if you attended a training in July 2019, your first renewal will be due two years later in July 2021, and every two years after that in the same month. You will receive a reminder email from The Daring Way with the renewal process.

What happens if I decide not to renew my certification?

If you choose not to renew, your Daring Way certification will no longer be valid, and you may not facilitate any of The Daring Way curricula or use the Certified Daring Way™ Facilitator credentials.

Once your account has been moved to inactive, there is a 12-month window to reinstate with The Daring Way community. To reinstate, you must pay a \$100 administrative fee in addition to your \$250 renewal fee.

Certified Daring Way Facilitators that are inactive for 12 months or more will no longer be able to reinstate as a Certified Daring Way Facilitator.
